

Clubbs Girls Place In Seven Sports Day Events, Win Four First Places

Clubbs girls placed second in the annual Sports Day events with 111½ points. In the field day, held Wednesday, April 24, at Tate High School, Clubbs took first place in four events: broad jump, shuttle relay, 50-yard dash, and horseshoes. Clubbs placed second in high jump and basketball, third in ping pong.

Bratt Junior High School won first place with a total of 137

points, and Blount placed third with 99½ points. Exceptional skill, good sportsmanship, and friendly competition was evidenced throughout the day.

Representing Clubbs in the winning events were: Diane Nee, first place in the 50-yard dash; Kay Copeland, Barbara Glagola, Janice Joiner, Ann Cherie Kelley, first place in the shuttle relay; Janie Alderman, first place

in standing broad jump; Karen Head and Barbara Houseknecht, first place in horseshoes. Placing second were: Lois Bobe, high jump; ninth grade basketball team composed of Norma Moore, Linda Baker, Betty Stark, Elizabeth Parker, Pat Rand, Linda Denham, Jane Horne, Johanna Fitzpatrick, Joyce King (forwards), Pat Butler, Ellen Day, Rita Daw, Frankie Powell, Marla

Drake, Carol Hudson, Carol Thome (guards). Charlotte Herman took third place in ping pong. Clubbs failed to place in softball and volleyball.

TRIBUTE TO PHYSICAL EDUCATION TEACHERS

The girls participating in Sports Day wish to express their appreciation to the physical education teachers who have worked tire-

lessly with us. We are sure that we could never have done as well without their patient and expert guidance. These teachers have worked long hours after school to help us practice for many events and contests. We feel that we have learned much, not only in skill but in good sportsmanship. So to Mrs. Carter, Mrs. Sneed, and Mrs. Beauregard we say "Thank You."

A. V. CLUBBS JUNIOR HIGH SCHOOL — PENSACOLA, FLORIDA

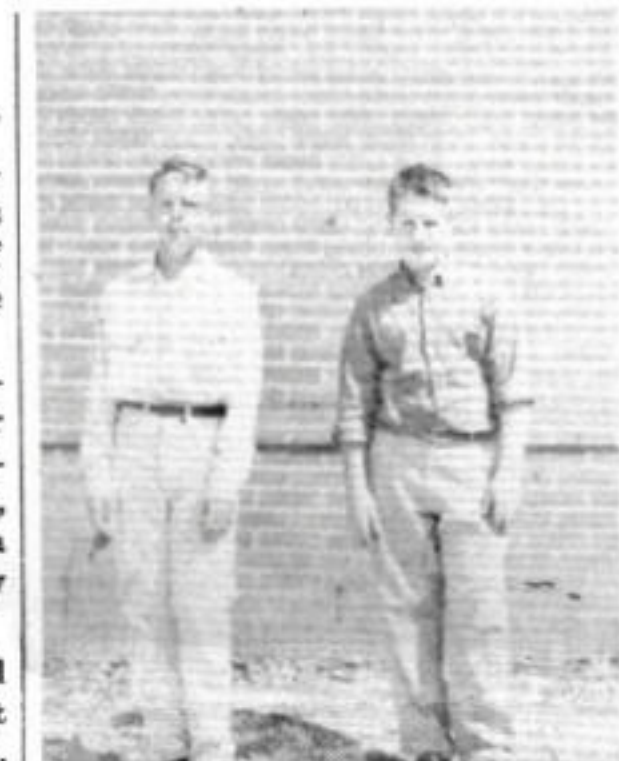

May 1, 1957

"Lucky," Dog

"I'm awfully afraid of boys," Lucky A. V. Clubbs School confided to this reporter a few days ago during an interview. "All of them running around here make me nervous!"

Lucky has been Clubbs' steadfast dog mascot for about six or seven years, or ever since he followed his owner, Virginia Tucker, to school in 1951. When Virginia graduated and left Clubbs, Lucky stayed on.

The little dog comes to school in the morning and rules the roost from Mrs. Elsie Carter's room, 34, to Mrs. Mildred Sneed's room, 32. When the 3:10 bell rings, he heads for his home on East Jordan Street. Being a true gentleman at heart, Lucky admits he prefers the ladies to gentlemen. He goes out with the different groups of girls each period to watch them play and then leads them in when the whistle blows.

Bennie Shuler and Chris Shearman

Eighth Graders Take Two Second Places In Science Fair

Eighth graders Bennie Shuler and Chris Shearman carried away two second prizes in the Junior Science Fair held April 4, 5, 6 in the Pensacola Junior College. There were six entries from Clubbs.

Bennie entered his exhibit in the Junior Chemistry Division, titling it "The Manufacture of Sulphuric Acid." He competed against five other entries in this division, taking second place honors.

Chris, entering in the Physics Division, demonstrated in his exhibit how a short wave radio operates. He won second place in competition with eighteen other entries in this division.

Both boys are keenly interested in science, carrying on experiments in their own home "laboratories."

"It really disturbs me to see other dogs trespass in my domain," complained Lucky with a growl in his throat, "and I'll fight anyone (well, the little ones, anyway!) that comes on the school grounds." So, watch out, all stray dogs, Lucky really means it.

His Majesty, Lucky, gets his "basic 7" from the lunch boxes of students. Once in a while there will be a kind hand-out from the cafeteria.

Several years ago, during a fire drill, when everybody had left the building, desperate moans were heard coming from the empty rooms. Fearing it was a child left behind, Mrs. Carter stopped the procession and rushed back into the building to find Lucky standing in the deserted room with a look of reproach on his face as much as to say, "Look here, you forgot me!" —J.A.S.

Band and Glee Club Combine in Program

Clubbs Glee Club and the Concert Band combined to present a program of music for assembly on April 9, 10, 11. Under the direction of Mrs. Nellie Trawick, the Glee Club presented for Easter selections: "Peter Cottontail," featuring the seventh grade trio; "Christ the Lord Is Risen Today"; "Were You There?," featuring the triple trio with solos by Linda Howington; and "Hosanna!" with solos by Linda Howington and Ann Hudson. Dee Daniel accompanied the chorus on the piano.

Mr. Robert Rusca led the band on a musical trip around the world, stopping off in Italy for "Chapel Shrine"; in Ireland for "When Irish Eyes Are Smiling"; Germany for the introduction to the third act of Wagner's "Lohengrin"; Spain for "Aparito Roca"; Persia for "In a Persian Market"; and, finally, back to the United States for "American Patrol."

Potato Bakes In Four Minutes

A potato cooked in four minutes, a cake baked in three minutes, bacon broiled in nine seconds — these were some of the foods cooked on the amazing electronic range in a demonstration at a local hardware store on April 18. Girls from Mrs. Fincher's and Mrs. Ricks' home economic classes viewed this new kitchen wonder with awe, and were especially amazed to find that, although the food became steaming hot in a matter of seconds, the inside of

(Continued on Page Two)

PHYSICAL ED. TEACHERS—Mrs. Sneed, Mrs. Beauregard and Mrs. Carter.

Girls P.E. Gives Varied Program

Pointed up each year by Girls Sports Day events, the girls physical education department presents a well-rounded program for all junior high school girls. Volleyball, softball, horseshoes, ping-pong, paddle-tennis, track, tumbling, and basketball all are a part of the P.E. program of the school year under the direction of Mrs. Elsie Carter, Mrs. Eileen Beauregard, and Mrs. Mildred Sneed. During the school year, every girl who takes physical education participates in this varied schedule.

"Although some girls have more ability than others in the athletic field, all are doing exceptionally well," said Mrs. Sneed. Hard work and hard practice on the part of each girl has made this year an exceptional one in the physical education field," she added.

9th Graders to Take Trip to State Capitol

On May 22, seventy-six lucky ninth graders will leave Clubbs for three wonderful days out of school touring the state capitol and the sights around Tallahassee. Organized as a civics field trip, the excursion will combine pleasure and learning.

According to the planned schedule, the group will arrive at Tallahassee at 12:30 and will first visit the place where our state laws are made in the capitol building. Other points of interest in Tallahassee will be visited also. During the two nights away from home, they will sleep (?) in Florida State University dormitories.

The second day, the seventy-six students will tour interesting spots like the Suwanee River, Stephen Foster Memorial, Large Mineral Springs and Wakulla

CHAPERONS — Mrs. Sheil, Mr. Priest, and Mrs. Jones.

Springs, returning to Tallahassee that night.

The last day, heading toward home, they will visit the Florida Caverns at Marianna and the Florida Industrial School. After their return to Pensacola, the students will have a short week-end rest before beginning their final exams. The students taking the trip were chosen according to points earned in civics. They are: Rela Anderson, Lynn Musgrave, Julia Richardson, Linda Mathis, Ruth Thornton, Stewart Spencer, Mary F. Myers, Billie Faye Martin, Ann Hudson, Linda Howington, Carolyn Joyce, Pat Butler, Bill Mock, Arthur Hufford, Lisa Niven, Sandra Marshall, Ed Barfield, Julie Ann Savage, Randall Hobgood, Norma Moore, Patricia Ann Johnson, Linda Hall, Nell Black, Mary Evelyn Bell, Geraldine Richards, Carol Donnel, Barbara Binkley.

Tattler Scoops Faculty Coronation

By JULIE ANN SAVAGE and NICKY STASSINOS

(Editor's Note: Two Tattler reporters give an eye-witness account of a spectacular fantasy which they were privileged to see through specially constructed lenses with built-in imagination).

We arrived at the Municipal Auditorium excited with anticipation of the wonderful spectacle we were about to witness, the A. V. Clubbs Faculty Coronation and Entertainment. As we were seated, the sound of trumpets heralded the beginning of the proces-

sion of royalty and Mr. W. A. Priest, master of ceremonies, took his place in front of the microphone to announce the members of the court. First to approach the stage were the maids, beautifully gowned in pastel formals: Miss Elizabeth Lee, Mrs. Lettie B. Lassiter, Miss Carolyn Ritchey, Mrs. Thelma Dyal, Mrs. Doris Seabrook. Trim and erect in their summer tuxedos were the knights: William Martin, Charles Cain, Luther Kersh, and Robert Rusca. Mrs. Clara Bayless was chosen maid of honor with George Mitchell, knight of honor. Tumultous

applause greeted her gracious majesty, Miss Mary Alice Pepper, Queen of the court, who then approached the dais attired in a glittering gown of white peau de soie encrusted with pearls and brilliants. The handsome king, Eugene Rasponi, placed the crown on her majesty's head as the enthusiastic audience rose to acclaim the royal pair.

Following the crowning of the Queen, the entertainment began with a "Ta-ra-ra-ra-boom-de-ay" from the A. V. Clubbs chorus line composed of Mrs. Rita Cobb, Mrs.

Sportsmanship

By May Cameron Brown

"In the game of life,

As in the game of ball,
 Play it clean, play it fair,
 Or not at all."

A good sport is a good winner and a good loser. He is a team man, not a conceited hero. A good sport plays the game clean and fair. He does not argue with the umpire or referee, but takes their decisions as final.

Good sportsmanship, however, applies not only to the football and baseball fields, or to the basketball court; it applies to every-

thing we do in our everyday lives. Good sportsmanship means giving the other fellow a chance to express himself or to show his skill, and giving him credit for what he does.

Let us remember these things as we play the game of life, for, as the great Grantland Rice once said:

"When the Great Scorer comes To write against your name, He writes not if you won or lost, But how you played the game."

How's Your Attitude ?

By Stewart Spencer

A great deal of emphasis has been placed lately on the subject of conduct in assemblies. But let's get away from that for the moment, and consider another aspect of our behavior—attitude. The individual who sits sprawled over three seats, or the character who slides down in his chair until his head is where his spine should be, and his knees are hitting the person in front of him in the back of the head, can be just as disturbing as an incessant talker.

Almost everyone knows how hard it is to talk to someone who won't look at you. It can easily be seen then, how disconcerting it is to try to entertain some character who is spread over half the row he's sitting in, or has parked upside down in his chair. Of course, the way a person sits isn't all that goes to make up his attitude. There are many things he might do, though he may not make a sound, which can be as distracting as talking at the top of his voice. Reading a book, exhibiting a bored expression, gazing around to catch the attention of a friend or to watch the clock—these are ways to show an indifferent attitude toward a speaker or entertainer.

It should be remembered that those taking part in assembly programs are not performing for their own amusement. They deserve and should have the respectful and courteous attention of the audience. The question of audience attitude boils down to simple courtesy or consideration for others. What's YOUR audience attitude?

Casa Rio

By Ann Holsberry

One of the most fascinating places I have ever seen is the Casa Rio, a Mexican sidewalk restaurant in downtown San Antonio, Texas. It is nestled quietly on the bank of the canal-like San Antonio River which, surprisingly, runs below the street level of the noisy city. My family and I happened on it by chance one night last summer while visiting in San Antonio.

As we walked from the street down to the river level, we saw troubadours dressed in colorful costumes serenading the guests with gay Mexican tunes and love songs. In less than a minute we felt that we were in a different country—Mexico.

There at the water's edge we were served a peppery Mexican dinner by real Mexican girls in native costumes. They came to our rescue by telling us which dishes were hot, which hotter, and which hottest!

Very soon I began to wonder about the safety of all those tortillas and beans I had eaten, for I knew that later we were going to ride on the roller-coaster in town. But I enjoyed the meal so much that I promised myself to come home and at least learn the names of those wonderful foods we ate!

Then we were escorted to a canal boat which took us on a leisurely ride down the river. The banks were lined thickly with

What to Expect At Clubbs Next Year

Of interest to all students and to their parents is the question of how crowded conditions and the teacher shortage will affect Clubbs in the 1957-58 school year. The following facts compiled by Mr. Priest in his talks to elementary school P.T.A. meetings give a clear and concise picture of the general situation in Florida schools and the specific solution to the problem here in Clubbs School.

Enrollment in Florida schools is increasing at the rate of 60,000 new pupils each year. The need for new teachers is growing at a rate three times faster than the available supply.

Enrollment in Clubbs has increased approximately 37 1/2% in the past four years. The peak load for which the school was designed (1970), was passed three years ago.

More teachers left the teaching profession in Florida last year than at anytime in history; there were more than 3,300 teacher resignations last year.

Teachers' pay in Florida fails to attract new recruits in the profession. Fifty-one per cent of Florida's teachers earn less than \$3,499 this year.

So far, Clubbs has been lucky in the matter of teacher turnover. How long will it last?

At Clubbs next year staggered school days will be continued. It means that one group or part of the school will start to school one hour early and turn out one hour earlier.

What can we expect by 1960? It all depends on the present legislative program.

What can be done by parents and all persons interested in improving educational opportunities? Support the Florida Educational Association program by: personal letters to legislators, support movement for more local taxes, state only facts, watch local papers for information. Florida is the fastest growing of the big states, and Escambia County is one of the fastest growing counties. The F.E.A. program proposes a sound and workable plan for keeping pace with Florida's growth.

POTATO BAKES

(Continued from Page One)

the oven, and even the pan holding the food, remained cool.

After the demonstration the girls were given samples of the food that was cooked. Then, as they were leaving, they were given chocolate Easter rabbits and pencils. The trip was an enjoyable one, although to the girls the idea of some day having such an oven in their own homes still seemed fantastic.

A man should never be ashamed to own he has been in the wrong, which is but saying, in other words, that he is wiser today than he was yesterday. —Pope.

banana trees and winding walkways led to the streets above. As we looked up we could see tall buildings with entrances and balconies on the river. Occasional lovers strummed on guitars in the stillness of the night. When we passed under a bridge, though, we could hear the sound of traffic above, and it seemed as though we were in another world.

I know that Casa Rio is not highly publicized and does not have the rich historical background of the Alamo, which is in San Antonio, also. But to me this restaurant on the river is the most picturesque and colorful place I have ever seen!

A.V. CLUBBS SCHOOL IN '57-'58?

Date Wreckers

By Judy Jernigan

1. Cosmetic Carol . . . the girl who uses so much perfume that her date's eyes water.
2. Forgetful Frances . . . who remembers at 11:59 that she has to be home at 12 sharp . . . or else.
3. Hilarious Harry . . . whose humor dates back to the days when Mom and Dad went steady.
4. Dieting Dianne . . . who claims she's on a strict diet, yet eats more marshmallow sundaes than anyone else.
5. Know-all Norman . . . one who dominates the conversation with his great knowledge and intelligence.
6. "I" Irene . . . the girl who talks about herself so much that she might as well have a date with a dictaphone.
7. Football Phillip . . . you can tell which table they sat at because of the line formations on the tablecloth.
8. Timid Tommy . . . the boy who only asked you out because "some of the fellas" forced him.
9. Giggling Gloria . . . she giggles at everything said and even when nothing's said.
10. Alan Ape . . . an enormous mass of uncoordinated muscles who trips over your feet and his every time he moves.
11. Sandra Sly . . . who was a good "friend" and soon slyly stole your fellow.
12. Jilting Jack . . . the Casanova who "loves them and leaves them."

Tattler Teens

Pat Butler

Tall, brunette Pat Butler of the ninth grade is very interested in sports. She has participated in Girls' Sports Day for the past three years, having served as a guard on the basketball team this year.

Living across the bay at the U. S. Fish Hatcheries and having access to the water has prompted Pat's interest in water sports. She excels in swimming and is a Junior Life Saver. Scouting takes up much of her time and she has gone far in this field. Her school work is never slighted as Pat is an Honor Roll student.

Well-rounded, likeable Pat has hosts of friends who admire her for her outstanding capabilities and her pleasing personality.

Bob Peterman

Bob Peterman is the engaging young man who charmed the audience with his solos and singing introductions to many of the acts in the recent coronation entertainment. He has been a member of the A. V. Clubbs band for two years and has taken an active part in Clubbs coronations for the past two years.

Bob was class representative in the 7th grade coronation and sang in the entertainment. In the eighth grade he was herald to the court and added much to the entertainment program.

Bob's hobbies include collecting Indian arrowheads and participating in sports. Baseball is his favorite. Though he hasn't decided definitely what he would like to be, his pet ambition is to be a baseball player.

CLUBBS TUMBLING TEAM: Standing, left to right: Sue Stringfield, Carol Shaw, Diane Nee, Sandy McLeod, Ann Morse, Sheila Phillips, Kay Copeland, Judy Bousman, Barbara Glagola, Pat Larkin, Cookie Taylor. Kneeling, left to right: Sandy Savage, Gwen Copeland, Martha Reese.

Clubbs' Amazing Tumbling Team

The Clubbs 1956-57 tumbling team, under the expert direction of Mrs. Mildred Sneed, has reached the undisputed reputation of being the most outstanding team in Pensacola.

The fourteen girls making up the team are diligent in their practice during their regularly scheduled periods and after school. They have performed half-time entertainments during the basketball season for Pensacola High School, Pensacola Junior College, and Clubbs. They have also tumbled at Brentwood, Blount, Ernest Ward High School, and gave skillful demonstration in the coronation entertainment. The group has been invited to take part in the Fiesta of Five Flags activities.

Members of the team are: 9th grade—Carol Taylor, talented captain; Sandra McLeod, Diane Nee, Sheila Philips; 8th grade—Kay Copeland, Barbara Glagola, Sandra Graham, Carol Shaw; 7th grade—Judy Bousman, Gwen Copeland, Pat Larkin, Ann Morse, Martha Reese, Sandra Savage.

Reese, Jack Faris, Wayne Hall, Jimmy Crawford, Susan Miller, Rita Daw, George Howington, Mary Workman, Carol Sue Weaver, Bill White, James Williams, Tony Webb, Walter Eisele, Thomas Waller, Linda de la Rua, Linda Denham, Rebecca McGowan, Susan Lovelace, Mary Chatellier, Lelice Davis, Carolyn Green, Charles Lee, Bill Barry, Johanna Fitzpatrick, Ben Ray Pilcher.

Every tomorrow has two handles; we can take hold by the handle of anxiety, or by the handle of faith.

HOME EC. TEACHERS — Mrs. Fincher, Mrs. Seabrook and Mrs. Ricks.

Girls Learn Homemaking Skills

One of the busiest and most interesting classes at Clubbs is the Home Economics Department. It consists of two rooms, the foods laboratory and the sewing room. In the foods lab, the girls learn how to prepare food, what makes up a balanced meal, and many short cuts in cooking. Cleanliness and sanitation are also stressed. After planning a meal, the girls spend a day practicing their culinary skills.

In the sewing class, the girls must master the parts of the sewing machine and how it operates before beginning to sew. They then begin work on their garments, and, at the end of the semester, they hold a fashion show to model the finished products.

Clubbs is fortunate to have four home economics teachers this year: Mrs. Doris Seabrook, Mrs. Edna Earl Fincher, Mrs. Jean Ricks, and Mrs. Eileen Beauregard. Mrs. Seabrook teaches eighth and ninth grade classes, cooking first semester and sewing second semester. Mrs. Fincher teaches all ninth grade, sewing first semester, and cooking second; Mrs. Ricks, ninth grade sewing and cooking. Mrs. Beauregard has only one home economics class. She teaches the early period eighth grade class, foods first semester and sewing second.

Each year the girls in the foods lab are visited by representatives from Gulf Power Company who demonstrate electric ranges, explain how to operate and clean them, and give some hints on short cuts to use in cooking. They

Famous Sayings

The following are "famous sayings" of the faculty often heard by the students. Test your brain and find out who says:

1. "Where's your pass?"
2. "The thing that really irks me . . ."
3. "I smell gum!"
4. "Ab-so-lute-ly!"
5. "Get your dogs out of the aisle!"
6. "Now, girls, don't socialize."
7. "(Smile) That will be ten demerits."
8. "Ready? Class begin . . . one two . . . one, two . . ."

ANSWERS

1. Mr. Boland
2. Mrs. Lassiter
3. Miss Adams
4. Mrs. Hall
5. Mr. Steele
6. Mrs. Trawick
7. Any teacher
8. Mrs. Sneed

"Any politician will tell you—the trick is to hit the taxpayer without hitting he voer"—Jewell (Kans.) Republican.

Who's Chicken?

Who makes or takes
A driving dare
Is a chicken for sure
And a "Cluck" for fair;
He has feathers for brains
And he's ready to pluck—
His friends should tell him
He's crowding his luck!
—Selected.

"We had a couple back home who got married and divorced four times. It was a small town, and they kept getting introduced."
—Herb Shriner.

also show a film on house wiring, demonstrating what can happen when a house does not have proper wiring.

Of recent interest to the girls was a trip to Taylor Hardware Company to see a demonstration of the new electronic stove, one of the latest innovations in kitchen equipment.

In the home economic classes, girls receive a splendid foundation for further study in this field as well as for immediate practical application of their skills.

Experience is something that helps you recognize a mistake when you make it twice.

By Claudean Jameson

What's Rock and Roll got that all us kids dig the smoothest?

What's Rock and Roll got that thrills us the most?

The answer is yet to be found, but we're glad it's here! It's something to believe in; something we have all our own to turn to when we've got the low-down blues. There's no mystery about it! Rock and Roll is king! It certainly suits us just like the "Charleston swing music style" suited our parents. It's right in key with our emotional make-up, and if something's wrong with that make-up, whose fault is it? Not ours! We just got here!

So, kids, without further to do, let's jump right into the middle of that wonderful thing called Rock and Roll, with the coolest and latest "best wax creations" for this month:

1. Butterfly Andy Williams
2. Party Doll Buddy Knox
3. Round and Round .. P. Coomo
4. Marianne The Tarriers
5. Young Love Sonny James
6. All Shook Up Elvis Presley
7. Little Darlin' .. The Gladiolas
8. I'm Walkin' Fats Domino
9. Why, Baby, Why? Pat Boone
10. Gone Ferlin Huskey

TATTLER SCOOPS

(Continued from Page One)

Ruth VanMetre, Mrs. Mildred Hankins, Mrs. Erma Jones, Mrs. Anna Rodas, Mrs. Eugenia Hall, Miss Nettie Adams, and starring Mrs. Mildred Sneed.

The audience gasped with pleasure as the Corps de Ballet drifted on the stage to the strains of airy music. Leading off in a Pas de Deux from Les Sylphids were Mrs. Annie Allen and Joseph Mitchell. The Miseries from Swan Lake were portrayed by Mrs. Edith Pfohl and Mrs. Mary Newcome in perfect arabesques.

Shakespeare's balcony scene from "Romeo and Juliet" was dramatically enacted by Mrs. Mabelle Shell and William Martin.

Now all eyes turned upward as Mrs. Beulah Donahoo and Mrs. Edna Fincher flew through the air on a flying trapeze. The astounding act ended in a triple-threat-killer-diller-somersault in mid-air by the daring pair.

The band then gave out with some rock-and-roll while those two real gone hep-cats, Mrs. Joyce Turner and John Steele, expertly performed intricate bop steps for which they are famous.

Ardney Boland exhibited great patience and skill when he threw a dozen twelve-inch blade daggers at Mrs. Victoria Ryan, pinning her to the back board in the thrilling seventh act of the entertainment.

To round out the show, the ten tumbling tumblers of the tumbling team, Mrs. Elsie Carter, Mrs. Ruby Greenhut, Mrs. Nellie Trawick, Mrs. Eva Vaughn, Mrs. Elizabeth Gilchrist, Mrs. Jean Ricks, Mrs. Amy Ellis, Mrs. Doris Blancher, and Mrs. Judd Gatlin performed dazzling feats that defied gravity. High-lighting the act was a death-defying back-bend-ing, round-off-ing, flip-flop-ing performance by the group. But the electrifying jolt of the act was the performance of the

star, Miss Eloise Moeller, who did a round-off flip-flop, flip-flop-flip, flip-flip-flop down the mats.

The show was over, but for many minutes the audience continued to applaud with calls of "Bravo!" for the amazing performers. The faculty coronation and entertainment had been a success!

CLUBBS 1957 BASEBALL TEAM—First row, left to right: Gerry Sansing, Ken Hart, Andy Jutila, Tom Harrell. Second row, left to right: Tucker Cotten, Ray Hepner, Bill Collins, Jerry Green, Gordon Cassels, Jim Lurton, Bob Oliver, Oz Howe. Third row, left to right: Coach, Cain, Robert Holifield, Larry Bulger, Buddy Bridges, Robert Martin, Gene McCutchin, Bill Richbourg, Terry Jenkins, Mike Crock, Coach Martin.

Baseball Season Is Here Again

This is the time of year when everyone's thoughts turn to the great American pastime, baseball. This year enthusiasm is high in Clubbs; many boys have turned out for the Bulldog team, and attendance at the games has been good. The Bulldog team is experienced in every position and is dominated by ninth-graders. The season promises to be a successful one.

Clubbs Beats Rockets

Mike Brock limited Warrington to three hits as he went the route for the Bulldogs, posting the first win of the season 6-0 in the opener of the junior high conference Tuesday, April 9, at Catalona Park.

Clubbs' attack was paced by Jim Lurton with a home run and a single, but walks and errors led to most of the runs scored.

Tate Clips Bulldogs, 3-1

On the strength of 4-hit pitching by Donald Griffey, the Tate Aggies sneaked by Clubbs in a tight contest at Catalona Park April 16.

Clubbs scored the first run of the game when Jim Lurton doubled home starter and losing pitcher, Terry Jenkins, in the 4th inning. Tate bounced back with a rally in the 6th and 7th innings due to the wildness of Jenkins, accounting for 3 runs, enough for the victory.

Clubbs Places Third In Track Meet

Clubbs' track team placed third in the conference junior high track meet behind champion Warrington and runner-up Brent at the PHS oval. Tucker Cotten won the broad jump, while Francis Smith captured the high jump title to head Clubbs' scoring. Other members of the team are: Steve Hall, Ken Stokes, Jim Baltrinic, Kenny Maxwell, Bill Pool-ey, Bob Oliver, Sonny Waller, Calvin Smith, and Jim Bachus.

Clubbs Throttles Brownsville

The Clubbs Bulldogs combined walks, hits, errors in beating Brownsville by a very lopsided score of 12-0 in a high-scoring game at Catalona Park April 18.

Bob Oliver and Larry Bulger had 2 hits each to pace the 8-hit attack. Jim Bachus belted a triple for the winners.

Bulldogs Romp Blount Panthers

Clubbs unleashed a 9-hit barrage against three Blount pitchers to back reliable Mike Brock's 2-hit pitching for a revengeful victory over the Panthers of Blount.

Big men in the lineup for the Bulldogs were Terry Jenkins and Bill Collins who collected 2 hits apiece. Bachus connected for a triple.

MAROONS TRIP WHITES

The underdog Maroon team beat the White team 24-7 in the annual spring training football game at Tiger Stadium April 18.

Early in the first quarter the Maroons marched 64 yards for a touchdown. Fulback Bill Robinson crashed over for the touchdown. The P. A. T. was no good. In the last minute of the first quarter Eddie Simmons faded back and threw a pass to John Sansom for a 30 yard touchdown. The P. A. T. attempt failed. There was no scoring in the second quarter, leaving the score 12-0 at the half.

COOKIE TAYLOR, ninth grade cheerleader, represented Clubbs at the Maroon and White game at Tiger Stadium Thursday night, April 18.
